

OCTA CHALLENGE TOWER

The Octa Challenge Tower is a unique obstacle challenge course structure where it is designed to be used by individuals or as a team. It has 8 sides symbolizing values needed to overcome the obstacles. These values are love of country, innovation, hard work, respect, teamwork, discipline, communication, and fighting spirit. It has 3 tiers with activities ranging from 48 to 120 in total depending on the pole configuration. From the view deck platform at the top, one can choose to descend via abseiling, zip line or flight line free fall.
